JUNIOR OFFICE

juniors share their reason of why they joined student government

I joined office because one I knew that I wanted to be able to have a leadership role and, and the events that we have going on at the school and be able to plan them. That's something that I enjoy doing. And also because I felt that it would be not necessarily something fun, but something that I would enjoy doing while I was in high school.

I decided to run for class officer because I enjoy being in a leadership type position and I just enjoy being involved in school and being able to plan different events.

-ELIZABETH KNEIFEL. II

I just wanted to get more involved in the school and do more. Just setting a good role model for people. I wanted to mace some sort of impact in the school.

-ERIC LEE. II

A lot of my friends that were older than me were invlved in class officers so I'd though it'd be fun based on what they told me. So I decided to run for treasurer.
